ORACLE
NETSUITE

Fixed Price Statement of Work

Customer Name: ABIVAX SA ("Customer" or "You")
Customer Address: 7-11 Bd Haussmann, 75009, PARIS, FRANCE

SOW Number: UK-246384

1. Agreement

This Statement of Work ("SOW") describes the professional services (the "Professional Services") to be performed by Oracle Corporation UK Limited ("Oracle") for Customer (collectively "Parties"). This SOW is governed by the Professional Services Agreement located at https://www.oracle.com/corporate/contracts/cloud-services/netsuite/contracts.html unless the Agreement referenced in Your Estimate/Order Form: (a) was executed after June 2020 or (b) was executed prior to June 2020 and incorporates in a Professional Services Addendum and in both such cases the Agreement referenced in Your Estimate/Order Form will govern this SOW (the "PS Terms").

Once executed by the Parties, this SOW shall be incorporated by reference into the PS Terms. In the event of any inconsistency or conflict between the terms and conditions of this SOW and the PS Terms, the terms and conditions of this SOW shall govern with respect to the subject matter of this SOW only. Capitalised terms used in this SOW shall have the meaning defined under the PS Terms. This SOW may not be modified or amended except in a writing signed by a duly authorised representative of each party. As used in this SOW, "You" or "Your" shall refer to the Customer as defined in the Agreement.

2. Description of Services

Oracle will perform the following Professional Services to assist You with the implementation of SuiteSuccess Financials Premium in Your NetSuite instance:

A. Project Management:

1. Conduct one (1) kick-off webinar session, which is up to one (1) hour in duration, to review:
   a. Project goals and objectives.
   b. Joint team roles and responsibilities.
   c. Project scope.
   d. Project management approach.
   e. Implementation methodology.
   f. Project timeline considerations.
   g. Next steps.
2. Create and update the project plan as required during the performance of Professional Services.
3. Provide status reports at a mutually agreed interval, but no more than once a week.
4. Provide completed cutover checklist.
5. Conduct one (1) post go-live transition meeting, via webinar, for up to thirty (30) minutes.

DRAFT

B. General Configuration and Setup:

1. Conduct one (1) "Getting Started" session, via webinar, for up to one (1) hour, to:
   a. Confirm administrator access.
   b. Provide an overview of the SuiteAnswers site.
   c. Create an Oracle NetSuite implementation folder in the production file cabinet of the NetSuite instance.
2. Conduct up to one (1) personalisation session, for up to two (2) hours per process area, with two (2) Oracle resources for three (3) consecutive days onsite at Your Paris, France premises.
3. Configure OneWorld for up to two (2) countries:
   a. France.
   b. USA.
4. Configure up to (1) parent and up to two (2) subsidiaries.
5. Set up up to two (2) country sales tax nexus(es).
6. US Sales taxes – up to fifty (50).
7. Perform configuration based on mutually agreed design from personalisation sessions.
8. Configure up to one (1) User Interface ("UI") form for each NetSuite instance record type.
9. Create up to one hundred (100) custom fields.
10. Set up up to one (1) printed form for each printed NetSuite instance record type.
11. Install and configure the Platforms Solutions Group Bundles ("PSG Bundles") as defined for Your country.
12. Provide up to forty (40) hours of country-specific and localisation configuration.

C. Provide process area walkthroughs for each process area in scope as follows:

1. Lead the first process area walkthrough for up to two (2) hours per process area to demonstrate process by process use cases.
2. Provide up to two (2) hours of assistance per process area for a second process walkthrough.

D. Data Migration:

1. Perform up to two (2) import iterations for the following list data records into the NetSuite instance:
   a. Up to five hundred (500) chart of accounts ("COA") records.
   b. Up to five hundred (500) employee records.
   c. Up to one thousand (1,000) vendor records.
   d. Up to six thousand (6,000) contact records.
   e. Up to one thousand (1,000) item records.
   f. Up to five thousand (5,000) fixed asset records.
2. Perform up to two (2) import iterations for the following transactional data into the NetSuite instance:
   a. Up to one (1) opening balance consolidated COAs.
   b. Up to one (1) year consolidated historical trial-balance.
   c. Up to five thousand (5,000) Fixed Asset Balances.
   d. Up to five thousand (5,000) open records for any of the following record types: accounts receivable and accounts payable.

E. Set up and configure the following within the Record to Report process area based on Oracle NetSuite standard practices:

1. Department segments – up to fifty (50).
2. Class segments – up to fifty (50).
3. Location segments – up to fifty (50).
4. COAs – up to one thousand five hundred (1,500) single COAs.
5. Accounting periods – based on twelve (12)-month calendar.
6. Journal entries – standard, recurring, reversing, import, automated.

DRAFT

7. Budget – up to one (1) segmented by department and subsidiary.
8. Bank account reconciliation, transfers and deposits.
9. Print and issue checks.
10. Fiscal close.
11. Financial reports.
12. Custom segments – up to six (6).
13. Subsidiaries – up to two (2).
14. Multiple currencies & exchange rates.
15. Corporate credit card transactions.
16. Statistical Account – up to ten (10).
17. Allocations templates – up to ten (10).
18. Fiscal close.
19. Intercompany transactions.
20. Automated intercompany eliminations.
21. Intercompany journal entries.
22. Multi-book accounting:
    a. Set up up to two (2) secondary books.
    b. Set up up to one (1) statutory COAs.
    c. Configure Global Account and Item Account Mappings.
    d. Enable Historical Transaction Processing.
    e. Foreign Currency Management Intercompany Transaction Management.

F. Set up and configure the following within the Design to Build process area based on Oracle NetSuite standard practices:

1. Item master – up to one thousand (1,000) consisting of the following item types: Inventory, Non-Inventory, Service, Other Charge, Item Groups, and Discount/Markup.
2. Billing Schedules.
3. Amortisation Settings.
4. Tax settings.
5. Item pricing (Pricing Levels, Pricing Groups, and Quantity-Based).

G. Set up and configure the following within the Procure to Pay/Return to Debit process area based on Oracle NetSuite standard practices:

1. Vendor master.
2. Employee master.
3. Purchase request.
4. Purchase orders.
5. Purchase order item receipts.
6. Vendor bills.
7. Vendor credits.
8. Vendor refunds.
9. 2- or 3-way matching.
10. Vendor bill payments (manual, ACH, credit card).
11. Advanced Electronic Bank Payments for a single currency. The following file formats will be configured:
    a. Bank 1 ACH and SEPA format.
    b. Bank 2 ACH and SEPA format.
    c. Bank 3 ACH and SEPA format.
12. Vendor return authorisations.
13. Vendor return item fulfilments.

DRAFT

14. Expense reports.
15. Fixed assets – up to five thousand (5,000) using one (1) of the following standard federal depreciation methods: Sum of Years Digits, Asset Usage, Straight Line, Fixed Declining, Straight Line Remaining, Sum of Years/ Straight Line, 150DB & 200DB.
16. Amortisation schedules – up to ten (10).
17. Purchase requisitions.
18. Request for quote.
19. Purchase contracts.
20. Blanket purchase orders.

H. Set up and configure the following within the Order to Cash/Return to Credit process area based on Oracle NetSuite standard practices:

1. Customer/contact master.

I. Technical Services:

1. Setup and configure the following within the Flexi Approvals Customization:
   a. Set up Flexi Approvals for the following transaction type:
      i. Vendor Bills.
      ii. Purchase Orders.
   b. Configure up to five (5) Approval Groups.
   c. Configure up to five (5) Child Approval Groups.
   d. Configure up to ten (10) Approval Rules.
   e. Configure up to one (1) Advanced Intercompany Journal Entry Approval Group.
   f. Configure up to one (1) Advanced Intercompany Journal Entry Child Approval Groups.
   g. Configure up to one (1) Advanced Intercompany Journal Entry Approver Roles Rules.
   h. Configure the following general (Global) preferences:
      i. Default transaction system requestor.
      ii. Enable email approval.
      iii. Email capture plug-in settings for email approval.
      iv. Send email approval confirmation email.
      v. Email approval expiration in days.
      vi. Restrict approval delegation fields.
      vii. Disable employee super approver.
      viii. Disable employee assistant.
      ix. Enable role assistant.
      x. Enable role approved locked editing.
      xi. Enable transaction approval reset.
   i. Configure up to eight (8) of any of the following Approval Groups preferences:
      ii. Auto submit.
      iii. Mandatory approval reason.
      iv. Skip multiple times listed approver.
      v. Rule amount based on net amount.
      vi. Communication:
         a. Send email preferences when transaction is pending approval, rejected and /or fully approved.
         b. Email templates when transaction is pending approval, rejected and/or fully approved.
         c. Additional attachment transaction field to include in notification emails.
   j. Enable E-mail Approval.
   k. Approval Reset:
      i. Tolerance.

DRAFT

ii. Restart approval on rejection
iii. Lock record for editing when transaction is fully approved.

l. Purchasing (for Vendor Bills):
   i. Two-Way Matching.
   ii. Include Purchase Order PDF printouts in emails.
m. Super Approvers.
n. Control Approvers.
o. Transaction Requestor Assistance.
p. Approver Dashboard and Reminders.

J. Provide assistance with the following:

1. Up to forty (40) hours for data migration consulting for historical data import.
2. Up to forty (40) hours of analytics customizations for records, form/form layout, saved searches, reports and dashboards.
3. Up to eighty (80) hours of NetSuite Analytics Warehouse activation.
   a. Perform an import of the following functional areas from Your NetSuite Enterprise Resource Planning ("NS ERP"): Financial, Inventory, Payables, Sales, Manufacturing, Project, Support Management, Employee Expenses, Banking.
   b. Provide NetSuite data replication assistance for up to the storage threshold within the purchased service tier.
   c. Set up pre-defined dashboards and key performance indicators ("KPI's") for the following NSAW application reporting and analytic subject areas based on Oracle NetSuite standard practices: Sales Overview, Order Management, Procurement, Inventory Overview, Financial Overview.

M. Technical Services:

1. Provide up to forty (40) hours for Advanced Portable Document Format ("PDF") template customization.
2. Provide up to four hundred and fifty-six (456) hours of technical consulting to:
   a. Assist You with the integration of Your third-party platforms with your NetSuite instance using the NetSuite Integration Platform ("NSIP") connector: Trust Pair, ADP, Lucca, Workday Adaptive Planning, SAP Concur.
   b. Review Your business and integration requirements.
   c. Configuration and setup of the NSIP connector.
   d. Mapping and validation of data flows.
   e. Provide guidance and recommendations on troubleshooting Your identified issues.
3. Provide up to one thousand and two hundred (1,200) hours for technical consulting related to the Professional Services, based on Oracle NetSuite standard practices.

K. Set up preconfigured roles based on Oracle NetSuite standard practices.

L. User Acceptance Testing ("UAT"):

1. Assist with up to one (1) UAT planning session for up to one (1) hour.
2. Create UAT plan.
3. Provide You with standard UAT test plan templates and sample test scenarios.
4. Provide up to eighty (80) hours, which must be utilised by You within a period of twenty (20) consecutive business days, to assist You with UAT issue resolution.

M. Post Go-Live Support:

DRAFT

1. Provide up to eighty (80) hours of post Go-Live support, which must be utilised by You within a period of thirty (30) consecutive business days and must be used within the Professional Services Term. Post Go-Live support may consist of the following:
   a. Troubleshooting and addressing production issues.
   b. Instruction on the NetSuite Support Services process.
   c. Identification of further optimisation requirements.
   d. End user assistance.

3. Your Obligations and Project Assumptions

You acknowledge that Your timely provision of and access to office accommodations, facilities, equipment (if applicable), and assistance, cooperation, complete and accurate information and data from Your officers, agents, and employees (collectively, "cooperation") are essential to the performance of any Professional Services as set forth in this SOW. Oracle will not be responsible for any deficiency in performing Professional Services if such deficiency results from Your failure to provide full cooperation. You acknowledge that if Oracle's cost of providing Professional Services is increased because of Your failure to meet the obligations listed in this SOW, failure to provide cooperation, or because of any other circumstance outside of Oracle's control, then You agree to pay Oracle for such increased costs. Such increased costs may include time during which Oracle resources are under-utilised because of delays.

You acknowledge that Oracle's ability to perform the Professional Services depends upon Your fulfilment of the following obligations and the following project assumptions:

3.1. Your Obligations

1) Obtain a subscription to the Cloud Service under separate contract prior to the commencement of Professional Services under this SOW and maintain such subscription for the duration of the Professional Services provided under this SOW.
2) Provide Oracle with full access to the relevant documentation and the relevant functional, technical and business resources with adequate skills and knowledge to support the performance of Professional Services.
3) Provide, for all Oracle resources performing Professional Services at Your site, a safe and healthful workspace (e.g., a workspace that is free from recognised hazards that are causing, or likely to cause, death or serious physical harm, a workspace that has proper ventilation, legally acceptable oxygen concentration levels, sound levels acceptable for resources performing Professional Services in the workspace, and ergonomically correct workstations).
4) Provide any notices, and obtain any consents, required for Oracle to perform Professional Services.
5) Limit Oracle's access to any production environments or shared development environments to the extent necessary for Oracle to perform Professional Services.
6) Be responsible for ensuring that common, consistent functional processes exist across Your organisation; including any applicable parent and subsidiary companies (e.g., there will be one common Order to Cash process across the entire organisation).
7) If You have purchased a sandbox, You are responsible for performing all refreshes of that sandbox from Your production NetSuite instance.
8) Do not film or record Oracle's delivery of Professional Services, Oracle resources, or any Oracle materials.
9) Provide written notice of Your need to temporarily pause the performance of the Professional Services under this SOW, in order to complete Your assigned tasks and/or obligations, at least five (5) business days prior to any such pause. Any such pause will be limited to a maximum of ten (10) consecutive business days.
10) If while performing Professional Services, Oracle requires access to other vendor's products (for the purposes of this SOW, the "Third Party Services") that are part of Your system, You are responsible for (a) acquiring all such products and securing the appropriate use and license rights necessary for Oracle to access such products on Your behalf, and (b) facilitating the performance of such Third Party Services, as required, for Oracle to perform the Professional

DRAFT

Services. Oracle shall not be responsible for any disclosure, modification or deletion of Customer Data resulting from any access of the Cloud Services by Third Party Services or third party providers.

11) Be responsible for providing Your organisation structure prior to personalisation.
12) Be responsible for having Your designated attendee, as agreed between You and Oracle, attend pre-requisite fundamentals training no later than ten (10) consecutive business days after project kick off.
13) Be responsible for having Your designated attendee, as agreed between You and Oracle, attend project team administrator training.
14) Lead the second process walkthrough, for up to two (2) hours per process area, to demonstrate process-by-process use cases.
15) Reviewing the setup and testing of the Professional Services described above as part of UAT.
16) Be responsible for exporting and manipulating data from the NetSuite instance to comply with localised taxation and reporting requirements.
17) Data Migration Obligations:
    a. Provide conversion data in CSV file formats documented in the templates located in the NetSuite instance.
    b. Perform data encryption, extraction, consolidation, cleansing and mapping to the appropriate service fields for all data import activity.
18) UAT Obligations:
    a. Validate and, if necessary, modify UAT template test scenarios.
    b. Define additional UAT test scenarios as needed.
    c. Be responsible for and complete UAT in line with testing scenarios.
    d. Be responsible for removing all UAT data prior to go-live.
19) Perform cutover tasks assigned to You as identified in the cutover checklist.
20) Flexi Approvals Obligations:
    a. By enabling this automated email approval feature, You understand and acknowledge that:
        i. Oracle is not responsible for the security of Your email client or application;
        ii. it is Your responsibility to ensure that the Flexi Approvals email approval notices are received and read by the intended recipient; and,
        iii. it is Your responsibility to immediately turn off Flexi Approvals email approvals if Your email client or application is compromised.
21) The Technical Services are not entitled to standard Oracle product support from Oracle support.
22) The Technical Services may not be compatible with future Oracle NetSuite versions or upgrades of Your NetSuite instance.
23) Except to the extent expressly stated in the scope section of this document, the use of the terms "integrate" and "integration" throughout this document is not intended to mean that Oracle will ensure (i) the physical or functional integration of Oracle products with external legacy systems, third party products and/or other software applications; (ii) the functioning of Oracle products as a coordinated whole with such external legacy systems, third party products and/or other software applications; or (iii) any non-standard integration between Oracle products. Rather, the terms are used to refer to the overall concept of data exchange between the Oracle products and other systems, products or applications identified in this document, and may include interfacing and/or other methods of integration or interoperation as described in the scope section of this document.

DRAFT

3.2. Project Assumptions

1) Professional Services will be performed on-site at Your *Paris, France* facility and remotely, as mutually agreed upon. You agree to be responsible for any travel and out-of-pocket expenses incurred by Oracle related to providing any Professional Services on-site.
2) If the performance of on-site Professional Services becomes negatively impacted due to declared disaster, public

health or safety concern, or national or global emergency, Oracle and You shall cooperate in good faith to review such impact and, if necessary, invoke the change control process.

3) All project documentation, presentations and project communications are in English, or such other available languages the parties may agree upon in writing.
4) You do not require Oracle resources to work outside their standard local country workday hours.
5) Oracle resources are not dedicated to any single project and are engaged across many projects for various customers.
6) Any Professional Services not expressly included in the above Description of Services are considered out of scope.
7) Project timeline estimates are based on availability of Your resources and key decision makers. Lack of access or change to project stakeholders will impact project timelines and costs if decisions cannot be made in a timely fashion.
8) It is Customer's responsibility to ensure that all Deliverables provided under this SOW, if any, comply with the laws and regulations applicable to Customer, its business, its services, and its customers.
9) Configuration, customisation or personalisation will be in one (1) NetSuite instance.
10) The subsidiary will have a single defined base currency.
11) All subsidiaries have the same fiscal year end.
12) All subsidiaries will be configured with the user interface in English and French.
13) Each subsidiary has its own master records, which are not shared across subsidiaries.
14) NetSuite instance dashboards will be installed without modification.
15) The depreciation of Fixed Assets will be imported cumulatively to data cutover date. Depreciation histories will not be recorded in successive monthly or quarterly periods.
16) Data imports will be performed for up to two (2) subsidiaries.
17) Multi-Book Assumptions:
    a. The functional currency for each primary book subsidiary will be its IFRS functional currency and the secondary book base currency will be local currency.
    b. Standard functionality is to use a common corporate COAs.
    c. Revenue recognition, fixed asset depreciation and expense amortisation will follow the same policy in each accounting book.
    d. Expense reports are recorded and reimbursed in the base currency of the primary book. To meet other needs, expense reports may be represented as vendor bills.
    e. Only the primary book will support consolidation and elimination entries.
    f. Calendar periods are shared across books.
    g. Transaction history will be the same in both the primary and secondary books.
    h. VAT Reporting will be from the primary accounting book.
    i. Segment values (department, class, or location) are replicated across books.
18) Personalisation encompasses time for discussing core NetSuite functionality, inclusive of core AI features embedded within NetSuite.
19) You and Oracle understand and acknowledge that go-live occurs upon cut-over to Your production environment ("Go-Live") and that post Go-Live support begins at cut-over.
20) Advanced Electronic Bank Payments Assumptions:
    a. You are responsible to maintain file formats.
    b. Advanced Electronic Bank Payments SuiteApp will not be customised.
    c. EFT files will be stored in the NetSuite file cabinet.
    d. The output will only contain mandatory fields. Non-mandatory fields are out of scope.
    e. Testing will only be performed with one (1) company bank account number containing dummy data. You are responsible for additional testing with alternate bank accounts.
    f. Functionality will be tested with up to three (3) dummy vendor payments.
    g. You are responsible for obtaining the bank's feedback once test cycles are performed.

4. Pricing & Payment Terms

DRAFT

Fixed Fees: The pricing set forth in this SOW represents the fixed fees for the Professional Services set forth in this SOW. Additional discounts (if any) for these Professional Services will be reflected in Your Estimate/Order Form that references this SOW and/or these Professional Services. In the event of a conflict between the pricing set forth in this SOW and the pricing set forth in Your Estimate/Order Form governing this SOW and/or these Professional Services, then the pricing set forth in Your Estimate/Order Form shall govern and control. Any expenses (as described below) are not included in the fixed fees and are an additional cost to You. The payment obligation is non-cancellable, and sum paid non-refundable except as otherwise expressly provided in Your Estimate/Order Form.

You agree to pay Oracle the fees as specified in the Estimate/Order Form for the Professional Services described in this SOW.

You acknowledge that the fixed price is based solely on the information provided to Oracle and the assumptions documented in this SOW. The total fees for this SOW are as follows:

Professional Services Fees	
Professional Services	388,700.00 EUR
Total Professional Services Fees (excluding expenses described below)	**388,700.00 EUR**

a) **Payment Terms.** Unless otherwise noted in Your Estimate/Order Form, fees are due Net 30 days from invoice date.

b) Reasonable travel and living expenses required in connection with delivering the Professional Services will be incurred in accordance with Oracle's internal travel and expense policy and billed monthly as actual charges. Expenses are estimated to be eighteen thousand Euros (18,000.00 EUR). Once expenses reach the expense estimate specified herein, Oracle will use reasonable efforts to obtain Your prior written approval before invoicing any additional expense; however, Oracle's failure to obtain such approval shall not abrogate Your responsibility to reimburse Oracle for reasonable expenses.

c) **Currency:** Euro

5. Project Point of Contact

You and Oracle each agree to designate a project point of contact who shall be responsible for coordinating its activities under this SOW. You and Oracle each shall direct all inquiries concerning the Professional Services to the other party's project point of contact. Your project point of contact shall have the authority to approve Professional Services on Your behalf. Oracle's project point of contact shall have the sole right to exercise direct control and supervision over the work assignments of Oracle resources.

6. Additional Terms

6.1 Unused Services.

The effective date of this SOW shall be the date it is last signed. The Professional Services herein must be used within the Term listed on Your Estimate/Order Form. Any portion of the Professional Services not used within the Term will be automatically forfeited by You, with no further action required of either party, and You will not be entitled to a refund, or any credit toward additional or other Professional Services, for any unused portion of the fees paid for any unused portion of the Professional Services. You may not use the fees for any services other than the Professional Services

DRAFT

stated herein.

6.2 Change Control Process.
Any requirement(s) not included herein or items not contemplated will be handled through the Change Control Process, and may result in additional cost to You. Any and all requests for any change in Professional Services must be in writing. Oracle shall not be obligated to perform, and You shall not be obligated to pay for any such changes unless agreed upon in an Estimate/Order Form and an amendment (i.e., a change order) to this SOW, signed by both parties.

6.3 Deliverables and Tools. In the event Oracle provides You with any Deliverables under this SOW, Customer shall have the non-exclusive, worldwide, limited right to use any Deliverables solely for Your internal business operations and in connection with Your authorised use of the applicable Cloud Services. Deliverables may require the use of SuiteCloud features which are governed by the Agreement and the SuiteCloud Terms of Service found at https://www.oracle.com/corporate/contracts/cloud-services/netsuite/other-terms.html (or other URL as determined by Oracle). For purposes of this SOW, "**Deliverables**" means anything developed by Oracle and delivered to Customer as part of the Professional Services.

To the extent Tools are delivered with or as part of the Deliverables, and are needed to utilise the Deliverables, Oracle grants You a non-exclusive, worldwide, limited right to use the Tools solely for Your internal business operations and in connection with Your authorised use of the Deliverables. For purposes of this SOW, "**Tools**" means Oracle's proprietary tools, libraries, know-how, techniques, and expertise used by Oracle to develop the Deliverables. Tools are considered Oracle Confidential Information.

7. Signatures

The Parties expressly disclaim any reliance on any and all prior agreements, understandings, RFPs, verbal and/or written communications related to the Professional Services to be provided by Oracle.

This SOW is valid through **March 30, 2026** and shall become binding upon execution by You and acceptance by Oracle.
